

The Allentuck Landscape Difference

- We are focused on our two main core competencies – design/build and maintenance, to **discriminating, high-end clients**
- We pride ourselves on exceptional, **timely communication** via email or telephone – if you leave us a message or email, we will return it promptly
- We have clients that have done business with us for **over twenty years** – representing a commitment and loyalty that spans longevity
- Our commitment to the industry allows us to constantly be trained, learning **best-practices** from other companies similar to ours from coast-to-coast
- We have the ability to **manage budgets** on projects ranging from a few thousand dollars to hundreds of thousands of dollars – and have the experience and track record to back any project up
- Our **foreman** staff has a combined 68 years of experience – they are dedicated, know our customers, and are committed to excellence.
- We typically **renew over 92%** of our maintenance contracts from year to year.
- We have been **recognized nineteen times** for the quality of our works, the safe practices of our staff, and our community volunteerism.
- We perform 3-6 community service projects every year – we are **committed to improving our community.**

This is the Allentuck Landscape Difference – items of distinction that we believe and trust will allow you to have confidence in your choice to partner with our firm to execute your dream exterior project.
